BOOK TRAILER TRANSCRIPT

TITLE: In the distant future...

SARAH (V.O.): *Story older than the skies...*

JANE (V.O.): My name is Jane Colt. I had the most boring life imaginable until they went after the people I love.

No one knows who “they” are, only that their reach seems endless, and they’ll destroy anything that gets in their way.

First, they took Adam. I saw it happen. I should’ve stopped them. Why the hell would they want him? He’s just a seminary student, for crying out loud.

Then they shot my father and framed my brother for it. I’ll be damned if I don’t do something this time.

JANE (in scene): Devin!

JANE (V.O.): So I fled with him, and now they’re after us. Our only ally is a hacker called Corsair. I’ve never even seen his face.

I trust my brother with all my heart, but I know he’s hiding something about his past. What isn’t he telling me?

I don’t know how, but I’ll stop them. I’ll find Adam, and I’ll clear my brother’s name. I’ll run to the shadiest corners of this blasted galaxy if I have to.

SARAH (V.O.): *Games of fate and games of choice
Twisted, tangled, intertwined
Who is right, and what is real?
All shall fade within a mind*

JANE (V.O.): I don’t care what it takes.
